Web Inquiry Hole Detail Export

File Definitions

March 28, 2007

Overview

The PGA TOUR Web Inquiry Hole Detail Export utility is designed to produce a semicolon delimited text file suitable for use with most common spreadsheets and databases. The information is presented at the hole level for each tournament and player selected.

Field List

1. Tour;	24. Tee Shot Landing Location★;
2. Tournament Year;	25. Tee Shot Detail Landing Location★;
3. Tournament Schedule #;	26. Approach Shot Distance to the Pin★;
4. Permanent #;	27. Approach Shot Proximity to the Hole★;
5. Player #;	28. Approach Shot Landing Location★;
6. Course #;	29. Approach Shot Detail Landing Location★;
7. Player Name;	30. Made Putt Distance★;
8. Hole #;	31. Going for it Hole★;
9. Round #;	32. Went for it★;
10. Final Round;	33. Going for it –Hit the Green Percentage★;
11. Event Name;	34. Going for it Shot Distance to the Pin★;
12. Course Name;	35. Going for it Shot Proximity to the Hole★
13. Par;	36. Driving Dist Measured Flag
14. Scorecard Yardage;	37. Appr Shot ended on or ARG ★
15. Actual Yardage★	38. Appr Shot Start Loc ★
16. Score;	39. Appr Shot Detail Starting Loc ★
17. Points;	40. GFG Shot Start Loc ★
18. Hit Fairway;	41. GFG Shot Detail Start Loc ★
19. Hit Green;	42. Hole Seq # ★
20. Hit Greenside Bunker;Sand Save;	43. Scrambling Shot Start Loc ★
21. Scrambling Success;	44. Scrambling Shot Detail Start Loc ★
22. Putts;	45. Scrambling Shot dist from Hole ★
23. Driving Distance★;	46. Scrambling Shot Prox to Hole ★
	47. Time Hole Finished

Note: fields indicated with ⋆ will only be available if ShotLink data was captured

Detailed Definitions

TOUR (text)
"PGA TOUR", "Champions TOUR", "Nationwide Tour"

Tournament Year (numeric)
Four digit year of event (eg. 2004)

Tournament Schedule # (numeric)
The tournament 3 digit sequence number of the particular event. Events are sequenced in the order of the tournament schedule for each given year. Sequence numbers normally are in increments of 10

Permanent # (numeric)
The unique 3 digit permanent number assigned to each tournament. This number is remains consistent with the tournament from year to year, whereas the Tournament Schedule # will vary based on sequence of tournaments played.

Player # (numeric)
The Unique 4 or 5 digit number assigned to a player

Course # (numeric)
The unique 3 digit course number assigned to each golf course (note courses played in more than one event will receive different numbers i.e. Pebble Beach Golf Links has been played for both the AT&T Pebble Beach Pro Am and the US Open and has two unique course numbers assigned)

Player Name (text)
The full name of the player in Last name, First name order.

Hole # (numeric)
The Hole number (1-18) – playoff holes are not currently provided in this export

Round # (numeric)
The Round number 1-6, most PGA TOUR and Nationwide Tour events are 4 Round events, Most Champions Tour events are 3 rounds.

Final Round (numeric)
Indicates if round was final round of event (0 = not final round, 1=final round)

Event Name (text)
The name of the event

Course Name (text)
The name of the golf course

Par (numeric)
The par Value of the hole (3, 4, 5)

Scorecard Yardage (numeric)

The yardage of the hole as presented on the scorecard

Actual Yardage* (numeric) (2004 events forward)

The actual yardage played on the hole as calculated by using the tee location, pin position and a set of center of fairway points. Actual yardage varies by round based on tee and pin positions. This information is only available for events from 2004 forward.

Score (numeric)

The score on the hole (1,2,3,4,5,...). For Stableford events this will contain the points earned.

Points (numeric)

For stableford events this field will contain the number of points earned on the hole, for other events this field will be blank.

Hit Fairway (numeric 0/1)

Value indicating if player hit tee shot into fairway. 1= hit fairway, 0=did not hit fairway

Note: If any part of the ball is touching the fairway following a tee shot on a par 4 or par 5, it is considered a fairway hit

Hit Green (numeric 0/1)

Value indicating if player hit the green in regulation. 1= hit green in regulation, 0= did not hit green in regulation

Note: If any part of the ball is touching the green it is considered a green in regulation

Hit Greenside Bunker (numeric 0/1)

Value indicating if player hit a greenside bunker. 1= hit a greenside bunker, 0=did not hit a greenside bunker

Sand Save (numeric –1/0/1)

Value indicating if player made a sand save (hit greenside bunker, and was able to hole out using 2 strokes or less).

–1=The player did not hit a greenside bunker (no option for sand save)

0=The player hit a greenside bunker and was not able to use 2 shots or less to hole out

1=The player hit a greenside bunker and was able to use 2 shots or less to hole out

Scrambling Success (numeric –1/0/1)

–1=The player hit the green in regulation

0=missed the green in regulation and was not able to use 2 shots or less to hole out

1=missed the green in regulation and was able to use 2 shots or less to hole out

Note: Scrambling is computed for all missed greens in regulation including shots that are in a greenside bunker

Putts (numeric)

The total number of putts taken on a hole.

Note: Once a ball is on the green all subsequent shots are considered putts even if they are taken from off the green

Driving Distance★ (numeric)

The Tee Shot Distance on par 4's and par 5's. This value is available only on holes scored with the ShotLink Laser System. The Champions Tour only uses lasers on the back nine, and the Nationwide Tour does not use any.

Tee Shot Landing Location★ (text)

Right Front Green Side Bunker

Approach Shot Distance to the Pin★ (numeric)

The computed distance between the approach shot and the hole in inches. This
measurement is taken prior to the approach shot being taken. This will be zero if the player went for it on a 'going for it' hole.

Approach Shot proximity to the hole★ (numeric)

The computed distance between the approach shot resulting location and the hole in
inches. This measurement is taken after the approach shot was taken. This will be zero if the player went for it on a 'going for it' hole.

Approach Shot landing location★ (text)

The location that the approach shot landed. This will be blank if the player went for it on a 'going for it' hole.

Made Putt Distance ★ (numeric)

The distance in inches of the putt that was made

Going for it Hole★ (numeric)
0=This hole is not considered a "Going for it Hole"
1=This hole is considered a "Going For It Hole" which means:
On a Par 4 – 10% of the field hit their tee shot on the green or around
the green
On a Par 5 – all par 5's
Note:(around the green is a zone 30 yards from the perimeter of the green)
Went for it★ (numeric)
–1= not a going for it hole
0= player did not go for it on a going for it hole
1= player Went for it on a going for it hole
Going for it – hit the green★ (numeric)
–1= player either did not go for the green or it was not a going for it hole
0= player went for the green on a going for it hole and failed to hit the green
1= player went for the green on a going for it hole and succeeded at getting his ball on
the green
Going for it Shot Distance to the Pin★ (numeric)
For Going for it holes the computed distance between the going for it shot and the hole
in inches. This measurement is taken prior to the shot being taken.
Going for it Shot proximity to the hole★ (numeric)
For Going for it holes the computed distance between the going for it shot resulting
location and the hole in inches. This measurement is taken after the shot was taken.
Driving Distance Measured Flag
Determines if the hole was used as one of the 2 holes designated for 'measured driving distance'. Values Y/N
Approach Shot ended on or ARG
Determines if the approach shot ended on or around the green. Values Y/N
Approach Shot Starting Location
The location of where the approach shot was hit from.
Approach Shot Detail Starting Location
A more detailed description of where the approach shot was hit from.
Going for it Shot Start Location
The location of where the going for it shot was hit from.
Going for it Shot Detail Start Location
A more detailed description of where the going for it shot was hit from.
Hole Sequence Number
The sequence the hole was played in. Numeric value starting at 1.

Scrambling Shot Start Location
The location of where the scrambling shot was hit from.
Scrambling Shot Detail Start Location
A more detailed description of where the scrambling shot was hit from.
Scrambling Shot Distance from Hole
The computed distance between the scrambling shot and the hole in inches. This measurement is taken prior to the scrambling shot being taken.
Scrambling Shot Proximity to Hole
The computed distance between the scrambling shot resulting location and the hole in inches.
Time Hole Finished
The time the last putt ended in the hole
